

WICS – WORK HEALTH AND SAFETY POLICY- 2023

WICS will be committed to providing and keeping in place a healthy working environment for all employees, contractors and visitors to our workplace, so far as reasonably practicable =.

WICS will make all effort to help prevent accidents and protect our employees and visitors from injury and ill-health. This can only be achieved though the participation, co-operation and commitment of everyone at the workplace.

WICS will:

- Comply with relevant Australian and state legislations including regulations, notices and codes of practises.
- Delegate person/s to review the policy at the start and completion of a task to identify current work practises.
- Commit to actively eliminating hazards and or reducing risks within a workplace or environment.
- Encourage workers to identify hazards in the workplace or environments where they work and report these to management.
- Establish a fair and clear target objective through a task or job to minimise the risk of workplace injury or illness.

Workers will:

- Comply and cooperate with all appropriate policies and instructions at the workplace.
- Take reasonable care to ensure their own health and safety while in the workplace.
- Use all supplied safety equipment while completing a tasks.
- Ensure they do not misuse supplied equipment or recklessly interfere with tools given to them also.

All workers including management are responsible for communication, enthusiastic promotion and implementation of this policy and are accountable to the Manager/Director for the achievement of the outcomes in accordance with this policy.

Lewis Pryce

A handwritten signature in black ink, appearing to read 'Lewis Pryce', is written over a white rectangular area.
